Summer Private Vocal Coaching

Our expert vocal coaches specialize in training young voices.

-  Choose a song you love that showcases your voice and ability
-  learn best-practice vocal technique, designed specifically for your voice, across six 60-minute private lessons per song
-  record your performance with professional recording equipment and mixing by an industry-leading audio engineer

Recording a solo song gives young singers a clear purpose and goal for their vocal coaching experience. This program comes directly to you - in your home and on your schedule. Sign up with siblings or friends, too!
